# I.V. Therapy Course

Course Cost: \$ 180.00

## Course Description

This course is designed to provide LPNs with a basic knowledge of I.V. Therapy practice. Course content includes current standards of practice, a venous access device review, venipuncture techniques, I.V. medication administration and fluid management, a review of nutritional solutions, management of difficult I.V. insertions, legal aspects and vascular access protocols. Students will complete this course in a self-study format and will meet on the last day. Upon successful completion the student will receive documentation of I.V. Therapy Education. Successful completion includes attendance, class participation, and a minimum grade of 75% on the Final Exam.

## Course Set-Up

Students will complete this course in a self-study format and will meet on the last day.
